Complete manual App removal

Go to Online Store → Actions → Edit Code
In forder "Layout" find file "theme.liquid" and delete the following code:

```
<!--SCS-->
<!-- This code is generate by Simple Coming Soon app. Please do not change
it manually, it can cause to a cycle redirect. -->
{% unless content_for_header contains 'previewBarInjector' or
content_for_header contains 'adminBarInjector' %}<script>
    document.write(
        "<script
src=\"https://comingsoon.kad.systems/scripts/c445683fb1748982666c2324bdfe60f
9.js?" + Math.random() + "\"><\/script>"
    );
</script>{% endunless %}
<!--eSCS-->
```

You need to remove all the lines before

```
<!doctype html>
```

In case of any issues please contact Customer Support support@kad.systems
