

# Simple Coming Soon

## Installation

The installation is simple. Just go into the App listing admin area of your Shopify store, then click over our App icon, inside the app settings press Activate button.

Note, that you need to disable all similar applications before use.

## Installation troubleshooting

If the app doesn't work after installing, and you see a default password page, you should disable it. Try to do this:

- 1. Go to the admin panel and click the "Online Store".
- 2. Click on "Preferences".
- 3. Uncheck "Enable password page" in "Password page" block and save the changes.
- 4. Activate the Simple Coming Soon and click on icon of eye in the top right corner of the app settings, now you should see the Coming soon page.

If you always redirected to coming soon page even if you logged in to store admin panel, there is 2 ways to fix it. First way:

- 1. Log in to admin panel of your store.
- 2. Find link "Online Store" in the left menu under "SALES CHANNELS".
- 3. Click on eye icon to the right of link "Online Store".

And the second way is to relogin to admin panel of your store.

If you change theme you need to:

- 1. Got to app settings page.
- 2. Untick Activate checkbox.
- 3. Save changes.
- 4. Tick Activate checkbox.
- 5. Save changes again.

## Uninstallation

Before uninstallation you need to deactivate app. You should do next:

- 1. Go to app settings page.
- 2. Untick the "Activate the application" checkbox.
- 3. Save changes.

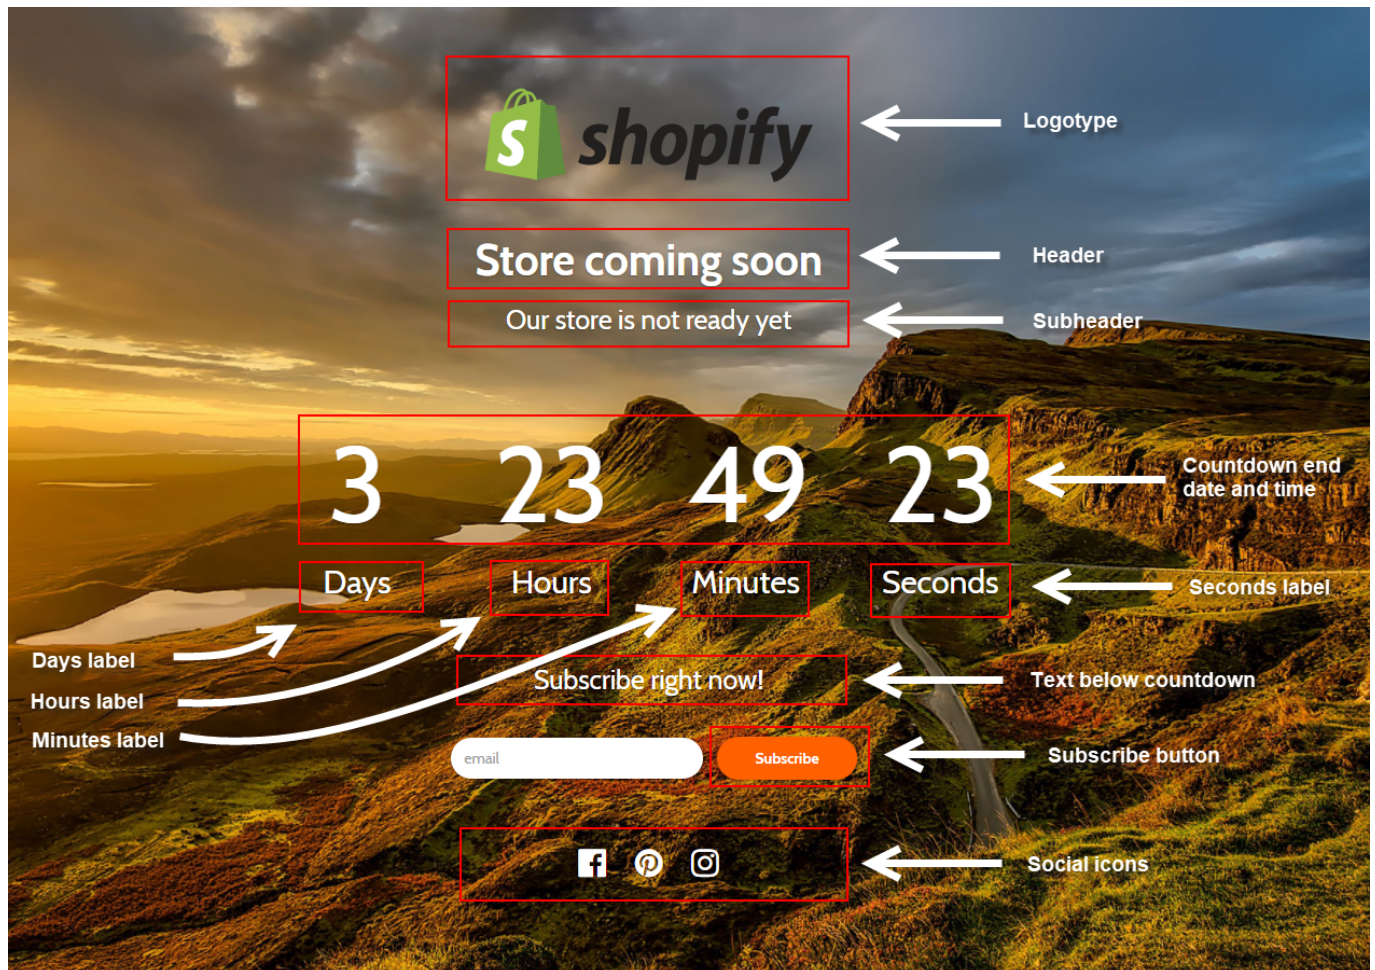

## Uninstallation troubleshooting

If it doesn't work and you redirected to app's page, try to delete redirect code manually:

- 1. Go to the admin panel and click the "Online Store".
- 2. Click dropdown "Actions". Then press "Edit code".
- 3. Click "theme.liquid" in the left menu.
- 4. Find "window.top.location.href".
- 5. Delete all code between script tag (from "window.top.location.href" to "apps/simple\_coming\_soon/";") inclusive tags of script.

if something went wrong, please, contact us. We are glad to help.
