

# Partial payment

This function uses the **DraftOrders API**. This means that if activated, all custom scripts and scripts of other applications can be disabled. This behavior is due to the fact that the application implements additional functionality when creating draft orders, which is not provided when working with the standard Shopify checkout.

[Learn more about the DraftOrders API in the Shopify Help Center](#)

This is a **Beta** feature. We actively collect user feedback and refine the feature to make it better. In case of difficulties, please contact our support.

This feature allows you to receive partial payment from the buyer for a certain pre-order product/variant and request payment of the remaining amount at the time this product/variant is available for shipping.

The feature is only available on certain plans. For more information see [the description page of the current application plans](#).

## Partial payment activation

1. Go to the “Settings” and scroll to the section “Partial payment”.
2. Click “Enable”

**Partial payment** Beta

Allows customers to make partial payments

Partial payment is **enabled** Disable

Initial payment percent

50 %

Amount of the initial payment in percentage

Initial payment label

Initial payment

**Notes:** If you are changing the default value for “Initial payment percent” and “Initial payment label” do not forget to click “Save” at the page bottom.

## Enabling partial payment to a specific product/variant

1. Go to the tab “Products”
2. Choose the product/variant and check the box “Enable partial payment”
3. Click “Save”

The screenshot displays a web application interface for managing products. At the top, there are navigation tabs: 'Dashboard', 'Products' (which is active and underlined), and 'Settings'. Below the tabs, the main area is titled 'Products'. It features a search bar with a magnifying glass icon and the text 'Search product'. To the right of the search bar is a dropdown menu labeled 'All collections'. Below the search bar, there is a checkbox labeled 'Enabled only'. A selection bar indicates '1 selected'. The product list contains five items, each with a checkbox, a product image, a title, and stock information. The first product, 'Convertible 2-in-1 Backpack Carrier for 15.6" Laptop', is selected and has a green 'active' tag. The sidebar on the right is titled 'Pre-order settings for 1 product'. It shows 'active - product pre-orders are available' with a green background. Below this, there is a checked checkbox for 'Enable pre-orders'. A 'Quantity limit' is set to '12'. The 'Button text' field contains 'Pre-order Now'. The 'Tooltip' field contains 'Partial payment only'. At the bottom of the sidebar, there is a checked checkbox for 'Enable partial payment' and an unchecked checkbox for 'Enable schedule'. At the very bottom of the sidebar are 'Cancel' and 'Save' buttons.

## How partial payment works

After you activate partial payment and enable it for a product/variant in pre-order settings, the following processing will be implemented: Customers with such pre-ordered items after clicking “Checkout” will be redirected to a specially formed payment page, that will show partial payment amount instead of full product/variant price. Payments for the products without enabled partial payment feature will be fully collected at once. Pre-ordered products with enabled partial payment feature will be conditionally designated as draft products with the line item property (default value - “Initial payment”) and partial payment price.

	<b>Winter Men's Trench</b> Khaki / S Pre-ordered Items: 1	\$54.40
	<b>New Pet Barrier Fences Portable Folding Breathable Mesh Dog Gate Pet Separation Guard Isolated Fence Dogs Baby Safety Fence</b> Black / 180x72cm / CHINA	\$17.70
	<b>Convertible 2-in-1 Backpack Carrier for 15.6" Laptop</b> Initial payment: 50% Pre-ordered Items: 1	\$32.19
Subtotal		\$104.29
Shipping		\$12.16
Total		CAD <b>\$116.45</b>

After the order payment is completed, this order will appear on the top of the list in the “Dashboard” tab, highlighted with the yellow badge showing that order was partially paid.
